Aeron® Color Choices

New Pellicle® patterns and frame finishes

Titanium New base finish called Titanium has a subtle two-tone effect that mimics metal and teams with the new Smoke frame finish.

Two new patterns, Waves and Tuxedo, join the original Pellicle Classic suspension material to expand the Aeron chair's aesthetic possibilities. Colors for all three patterns blend easily with a range of palettes.

Titanium Base

Smoke Frame

Classic The vertical pinstripes of the Aeron chair's Pellicle Classic suspension material have been a distinctive design element from the beginning. With its subtle transparency, Classic integrates well with many different interiors.

3V01 Zinc

3V03 Quartz

Waves Pellicle Waves features widely spaced horizontal lines that curve gracefully across the seat and back. It blends nicely with contemporary environments, especially where curvilinear edges and rounded forms are design themes.

4F01 Zinc

4F03 Quartz

Tuxedo Pellicle Tuxedo features long, narrow triangular shapes for a subtle bowtie reference and dramatic appearance. Contemporary yet formal, Tuxedo offers a sophisticated alternative for executive and conference spaces.

4Q01 White Gold

Graphite Original Graphite base and frame provide an unassuming backdrop for a range of Pellicle colors.

Aluminum New Polished Aluminum base pairs with the original Graphite frame finish for an elegant appearance.

All the colorways on this page coordinate with both Graphite and Polished Aluminum finishes.
